By now all homeowners should have received the letter regarding parking in the driveway, a proposed change to the HOA Rules Enforcement Policy, and a proposed change to the Rules and Regulations regarding parking in the common areas.

The HOA entered into an agreement with a homeowner to take the parking issue to a non-binding arbitration hearing to find out if the HOA Rules and Regulations and CC&R's were enforceable. The Judge made three points in his finding that compelled the Board to propose the changes to the driveway parking issue.

First the Judge said that the HOA cannot treat homeowners who have one or two authorized vehicles differently than those with more than two or those who have oversized vehicles. The HOA can have a rule that bans all parking from the driveways, but the HOA cannot have a rule that allows some homeowners to park in the driveway while others are required to park in the garage.

The other two points the Judge made were regarding an equitable enforcement policy and, if the HOA makes a statement that parking in the garage enhances property values, it must hire an independent appraiser to give

such opinion.

Please read the letter and the proposed changes to the Rules and Regulations. Since the Judge has said the HOA must allow parking in the driveways, this will allow all homeowners to park at least four vehicles (two in the driveway and two in the garage) at their residence. The HOA has proposed to ban all homeowners from parking on the common area streets except in specific cases. This will allow better access for emergency vehicles and allow adequate parking for guests and vendors in front of the homeowner's residence.

We live in a small community of 255 homes. The HOA does not have the resources to hire a security force or a full-time, on-site property manager to enforce the rules. We must agree to enforce the rules on ourselves and show some sense of compromise if we are going to continue to make Mountain View "a great place to live."

OPEN FORUM

Mountain View Architectural Review Committee *by Ron Sais*

Each month the Architectural Review Committee (ARC) provides a few excerpts from our governing documents. The excerpt selection(s) may come from concerns, observations in the neighborhood or a homeowner question.

The ARC is charged with the responsibility to evaluate the individual merits of an application submitted by a homeowner. The ARC will ensure that the proposed improvements are compatible with the architectural characteristics of the applicant's house, the adjoining homes and the neighborhood setting. Compatibility is defined as similarity in architectural style, quality of workmanship, similar use of materials, color and construction detail.

Trim Stain and Paint

The color board with the approved stain and paint fence colors is temporarily on display in the billiards room in the clubhouse. A permanent display location for the color board is being voted on by the HOA Board.

Structural and Landscape Applications

Q. My front yard tree is dead. What can I do?

A. The May newsletter will have some guidelines for replacing the parkway tree that was originally planted by the City of Moreno Valley. Do not plant a new tree without contacting a member of the Architectural Review Committee or submitting a Structural and Landscape Improvement Application.

As a reminder to all residents, it is essential that you submit a Structure and Landscape Improvement Application for any improvements to your property, excluding changes to plants and shrubbery. If you have completed all previously submitted improvements, had the work approved and received your refund from Prescott, you still must submit a Structure and Landscape Improvement Application for any new projects.

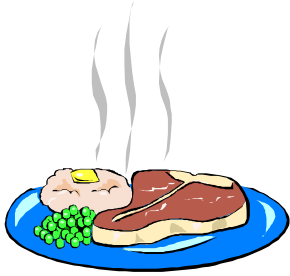

Structure and Landscape Improvements Applications are available in the clubhouse library. Forms can also be downloaded from our community website at www.mountainviewhoa.org.

The Architectural Review Committee is looking for 2 additional people to serve on the Committee. If you are interested in becoming a member, please contact Ron Sais or any other Committee Member.

BOOK CLUB

by Shirley DeCarlo

On April 26th, we will be discussing Greg Olsen's **THE DEEP DARK**. For nearly a century, Kellogg, Idaho was home to Sunshine Mine, America's richest silver mine. This story is about the promise of good money and the bonds of friendship. On May 2, 1972, 174 miners entered Sunshine Mine on their daily quest for silver. But all things changed on that day when thick black smoke began pouring out from one of the mine shafts.

Read about the men who worked at the mine and their families. Also, read about the tender camaraderie between the toughest of men.

Come to the Clubhouse on April 26th at 10:00 a.m. and give us your opinion. We'd love to see you there.

CRAFTS

What's Cooking?

by Helen Grogan

Hi All!

Wishing you a blessed Easter and Passover. I will be in Texas meeting a new great grandson. Thanks to Carole Sweeney and the LA Times for this recipe.

Baby Back Ribs

2 Tbsp vinegar	1 tsp sea salt
1/2 C ketchup	1 tsp black pepper
1 Tbsp dark brown sugar	1 tsp cayenne
1/2 C bourbon	3 lbs baby back ribs
2 cloves garlic, minced	

Mix all ingredients except the ribs in a bowl. Place ribs in a baking pan and pour the sauce over both sides. Cover and refrigerate overnight. The next day, heat the oven to 350°. Bring the ribs to room temperature. Pour off all of the marinade and reserve.

Line a clean baking pan with foil and arrange the ribs, meat side up. Cover the ribs tightly with foil and roast for one hour at 350°. Remove the foil and continue to roast for one more hour, basting the ribs as desired and making sure they don't burn. Remove from oven and cut into individual ribs and serve warm.

Mountain View *Garden Club Victorian Tea*

Thanks to all who have made reservations for the Tea. We are sold out; however, we have a waiting list in case of any cancellations. Our volunteer table sponsors have been hard at work and this should prove to be quite an event. If you have a special antique that you would like to display in our "antique room," please call us. We look forward to seeing you at the Tea, and remember, hats are the in-thing!
